THOMPSON  
DOOR & FRAME  
FABRICATION SHOP  
CONTRACTORS WELCOME

We are a full service supplier of hollow metal doors & frames, Timely® pre-finished steel frames and commercial wood doors. We also carry a large inventory of door hardware accessories including VisionLite® kits, louvers, hinges, locks, door closers, exit devices, thresholds and weather stripping. We offer two types of *Customer Service Levels* to ensure you receive the appropriate level of support you need to get the job done right the first time!

*The first Level of customer service is our SALES ORDER DESK.*

This is where our customers can purchase door and frame stock items or order custom wood openings, hollow metal or Timely® openings and accessories. Our massive inventory combined with our state-of-the-art wood and metal shops allow us to offer one of the fastest turn times in the industry. In most cases we can complete a custom opening in 72 hours or less.

*Our second level of customer service is our CONTRACT DEPARTMENT.*

Handling larger, more complex jobs like medical, high-rise offices, schools, hotels, etc., often requires comprehensive job estimates & ongoing project management. We work with our clients through every aspect of the job. We even provide engineering services to ensure all of your openings meet industry specifications including fire and sound requirements.

We are a licensed in-house fire labeling facility recognized by Intertek® / Warnock Hersey Int'l.® and will modify and label your wood doors, hollow metal doors, pre-finished doors and frames to satisfy most fire-rating requirements.

We have a knowledgeable staff with over 30 years of experience, great customer service, and an impeccable reputation within the industry for offering top quality at competitive prices. For even greater convenience, Thompson Door & Frame is adjacent to Thompson Construction Supply. This is our one-stop-shop for all the hardware, tools and materials used by contractors everyday. Come in and see the Thompson difference. If you can't breakaway from the job site, we will gladly deliver your order to you. We can also send your order to a Thompson Building Materials location for immediate pick-up.

**THOMPSON DOOR & FRAME IS PROUD TO OFFER THESE QUALITY BRANDS**
