Concrete Catch Basins & Grates
Plastic Basins & Grates

DOOR & FRAME DEPARTMENT

Our department is a full service supplier of hollow metal doors & frames, Timely® pre-finished steel frames and commercial wood doors. We also carry a large inventory of door hardware accessories including VisionLite® kits, louvers, hinges, locks, door closers, exit devices, thresholds and weather stripping. We offer two types of Customer Service Levels to ensure you receive the appropriate level of support you need.

SALES ORDER DESK

Where our customers can purchase door and frame stock items and order custom wood openings, hollow metal openings and accessories. Our massive inventory combined with our state-of-the-art wood and metal shops allow us to offer one of the fastest turn times in the industry. In most cases we can complete a custom opening in seventy-two hours or less.

CONTRACT DEPARTMENT

Handling larger, more complex jobs like medical, high-rise offices, schools, hotels, often requires comprehensive job estimates & ongoing project management. We work with our clients through every aspect of the job. We provide engineering services to ensure all of your openings meet industry specifications including fire and sound requirements.

We are a licensed in-house fire labeling facility recognized by Intertek® Warnock Hersey Int'l.® and will modify and label your wood doors, hollow metal doors, pre-finished doors and frames to satisfy fire-rating requirements. We have an impeccable reputation for offering top quality products with fast turnaround times at competitive prices.

We deliver to your jobsite or we can ship your order to any Thompson Building Materials location for immediate pick-up.

OVER 30 YEARS OF SERVICE & QUALITY

Craftsmanship,
Turnaround & Price . . .

We give you all three!

We fabricate metal and wood commercial doors and door frames at our facilities in Corona and San Diego.

If you need it fast, and done right the first time, call us.
